

If you suffer from

- Stress
- Headaches
- High Blood Pressure
- Arthritis
- Fibromyalgia
- Joint Pain
- Constipation
- Back Pain
- Diabetes
- Neuropathy
- Stiff Muscles
- Poor Circulation
- Insomnia

Oxygen...
Your health depends on it!

The Exerciser 2000™ MULTISPEED is for you

Easy to Use
Just lie down and relax

- If you have body weakness, fatigue, circulation problems, poor digestion, muscle aches and pains, depression, or memory loss it could be caused by a lack of oxygen.
- If your immune system is compromised by a lack of oxygen, your body is more susceptible to bacterial, viral, and parasitic infections, colds, and flu.
—*Oxygen deprivation can lead to life threatening diseases, such as cancer.*
- Cancer and most other infections or diseases will not live well in an oxygen rich environment.
—*If your body is oxygen deficient, vital nutrients from food and nutritional supplements cannot be metabolized effectively and can impair the oxidation and elimination of toxins in your body.*

Receive the benefits
of aerobic exercise
without stress or impact
on the joints!
